

Type 38: 19" Enclosure

APPLICABLE AS TABLETOP OR FREE-STANDING ENCLOSURE

SYSTEM SOLUTIONS
ENCLOSURES & COMPONENTS
ROTARY SWITCHES

STANDARD VERSION OR INDIVIDUAL ENCLOSURE

YOU DEFINE

Use the standard version or set up your individual enclosure: flexible dimensions, colour combinations, side panel variations as well as accessories and integration of your elements.

STANDARD VERSION

The standard version of the Type 38 includes:

- › Top cover, bottom and side plates made of sheet steel, welded, powder-coated
- › Dimensions: Width: 19"
Height: 3 - 18 HE
Depth: 320 - 1'000 mm
- › Colour: RAL 7035 (optional: all RAL-colours)
- › Earthing kit
- › 19" assembly material 8 pieces-kit (optional: 50 pieces-kit)
- › Installation dimensions acc. to IEC 60297
- › Protective connections acc. to VDE 0100/IEC 380

CHOOSE YOUR COLOUR

ALL RAL-COLOURS

DEFINE THE HEIGHT AND THE DEPTH

HEIGHT (3 - 18 U), DEPTH (320 - 1'000 MM)

INDIVIDUAL COMPONENTS

MODIFY YOUR ENCLOSURE

Use numerous design options as well as accessories and integration of numerous components.

SIDE PANELS

Top cover, bottom plate and side panels can be customised depending on requirements:

- Sheet steel, powder-coated
- Quick locks for side and rear panels allow good accessibility from all sides
- Colour combinations: all RAL-colours
- Closed, perforated or with ventilation slots
- Rear panel with cable bushing (3 U)

HANDLES

Depending on your requirements folding handles can be mounted into the side panels:

- Folding handles with tray
- Aluminium, powder-coated
- Colour: black
- Finger-shaped contour appearance
- The handles are locked against vibration using a spring in both working and starting position.

VENTILATION

For an optimal heat extraction the side panels can be perforated or provided with ventilation slots:

- Side panels
- Top cover
- Bottom plate

ROLLS AND FEETS

Make your enclosure movable or height-adjustable:

- Roll-kit: 4 pieces, thereof 2 pieces are lockable
- Feets-kit: 4 pieces, all 4 pieces are height-adjustable

MOUNTING RAILS KITS

Even heavy components can be integrated with mounting rails:

- Sheet steel, powder-coated
- Incl. assembly material
- Colours: RAL 7035, on request: matching the enclosure colour

CONFIGURATOR

Our configurator is available on request 24/7.

After a short introduction training you will be able to design your own Type38-enclosure. At the same time the configurator calculates the price and delivery time for you.

While you select your design in the configurator, you'll see a visual preview simultaneously. Finally, the offer and the 3D drawing can be downloaded in .step format.

Contact us for more information.

YOUR SOLUTION PARTNER

Elma Electronic AG develops and produces high-performance electronics and suitable enclosures from single components to entire systems for industry, railway technology and medical equipment. With over 100 employees in Switzerland alone, we offer innovative, high-quality products, customer-specific solutions and engineering services.

Our key strengths include a high level of development competence and an extensive electronics portfolio. From rotary switches and other electromechanical components to backplanes, computer and storage solutions, power supply units and electronic packaging, all the way to fully integrated systems. On this basis, we are in a position to develop new and trendsetting solutions quickly and safely – in top quality and convincing design, as prototypes or ready for series production.

We are listed on the Swiss Stock Exchange and represented around the world: The Elma Group – Elma Europe, Elma America and Elma Asia – includes subsidiaries in ten countries and a global sales network. In the customer's interest, we co-operate with leading technology providers in the sector and are ourselves regularly approached for advice. Everything from a single source, proven standards, outstanding solutions: Choose Elma Electronic AG.
